

Dear Candidates –

BPG Designs is now seeking qualified applicants for both part-time and full-time Mapping Specialist positions in Tempe, Arizona. BPG Designs is a design-build company focusing primarily in the utilities and telecommunications industries. Completing mapping, engineering, and construction projects across the United States, BPG maintains a wide footprint of business. Celebrating 18 years in business, BPG is continuously growing and adapting to the modern market place. At BPG, we believe that by providing excellent service to our clients, we reach our dreams and bring a higher quality of life to the community. We encourage all employees to be teachers, mentors, and leaders through continuous and unrelenting passion to better the lives of those around us.

At BPG, Mapping Specialists will support the operations of the Design Department. Responsibilities include mobile mapping data collection, GIS data processing, LiDAR feature extraction, and CAD drafting. All required skills will be taught on the job, through extensive training. Currently there are no minimum qualifications for these positions, however, strong written and verbal communication skills are desirable. Prior knowledge in GIS, survey, remote sensing, engineering, construction, and or drafting is also a plus.

The perfect candidate for this position will be willing to learn new professional skills, can communicate well, and is able to positively function on a team. If applicants are currently in school, adaptive schedules will be permitted and encouraged. Both positions are paid based on previous applicant qualifications. A comprehensive benefit package is included for full-time positions.

People interested in applying should email resumes/CVs, with cover letters, to Sharon Pinska at [spinska@bpgdesigns.com](mailto:spinska@bpgdesigns.com). Please address your email subject line as “Mapping Specialist Applicant.” Please attach your resume and cover letter to the email. In your cover letter, please address whether you are interested in a part-time or full-time position, and indicate your available work times. In addition, please mention your future professional goals, and tell us why you think you would be a good fit at BPG Designs.

Good luck and we look forward to hearing from you!

Sincerely,  
Nik Smilovsky, GISP
